Section I: Preparing to Attend COSMOS

In preparation for your experience, it is important that the student and parent(s)/guardian(s) read and agree to follow the Handbook and Student Code of Conduct.

Introduction

Our Mission: The mission of the California State Summer School for Mathematics and Science (COSMOS) is to motivate the most creative minds of the new generation of prospective scientists, engineers, and mathematicians who will become leaders for California, the nation, and the world. The program aims to create a community of students who participate in and contribute to an intensive academic experience delivered by distinguished educators and scholars.

COSMOS Objectives: The program's objectives are to: engage talented students in a high level teaching and learning environment; establish a community of scholars that fosters analytical thinking and experimentation; connect students to institutions of higher learning and research facilities; develop models for excellence in science and mathematics education; enhance the state's economic climate by developing future scientists, engineers, and mathematicians; and strive to make the COSMOS student body reflective of California's diverse heritage.

History: The State of California Education Code (Code 8660-8669) requested the Regents of the University of California to provide an opportunity for students who wish to learn advanced mathematics and science and to prepare for careers in these areas. COSMOS is modeled after the California State Summer School for the Arts.

COSMOS Contact Information

Phone: (858) 822-4361
Address: COSMOS at UCSD
Jacobs School of Engineering
9500 Gilman Drive #0429
Engineering Building Unit 1, 1400
La Jolla, CA 92093-0429

Please note: The mailing address for students while attending COSMOS can be found on page 15.

Tips for a Successful COSMOS Experience

COSMOS is the perfect opportunity for students to expand and cultivate their skills as motivated and independent individuals, preparing for their upcoming college experience. Participating in this summer program is an honor that few students get to experience and use toward improving themselves and their academic careers.

It is important that students come to class prepared. COSMOS students will be expected to spend time during the evenings and on weekends reviewing their coursework, preparing for assignments, reading assigned materials, and completing group projects. Being prepared for classes also means getting enough rest, exercise, and eating well. The COSMOS staff will work around the clock to support and promote the well-being of all COSMOS students during their summer experience.

Students are expected to attend, be on time, and bring their

completed assignments to all classes. While in class, students should pay attention and be courteous to their instructors and fellow COSMOS students. Appropriate questions are always welcomed. Students will get the most out of their COSMOS experience if they are active and fully participate in class!

Students should take advantage of classroom time with instructors and Cluster Assistants. COSMOS instructors are experts in their academic subjects and are dedicated to helping our students succeed. Keep in mind that you may also one day want to request a letter of recommendation from your COSMOS faculty advisor. We recommend that all students stay in touch with their instructors and the COSMOS office after their experience at UCSD.

Courtesy is highly respected at COSMOS. Students can help avoid classroom disruptions by limiting bathroom breaks and by not chewing gum or eating in class. Students are expected to remain in class throughout the entire scheduled time and to come to class/labs prepared by bringing study materials and supplies such as notebooks, paper, pencils, calculators, etc. It is every student's responsibility to do their part in keeping all classroom and lab areas clean and safe at all times. For everyone's safety, appropriate clothing (as listed in the Checklist on page 7) is required in all classes and labs (i.e. closed toed shoes, pants, etc.). Personal electronic devices such as cell phones, pagers, mp3/music players, and personal gaming devices are not allowed in classrooms or labs.

Checking-in to the COSMOS Program

Participant check-in will be located at the residential quad at Eleanor Roosevelt College (ERC). At least one parent or adult designee **MUST** sign each student in with appropriate COSMOS Staff.

COSMOS Staff and Resident Advisors (RAs) will assist you with the check-in process. Students will receive their room assignment and keys, along with an agenda for COSMOS Opening Day. RAs will inspect all of the living areas prior to your arrival; students will be asked to review and sign a Room Condition Form stating the condition of the room/furniture upon check-in. It is important that any pre-existing damage to the room, walls, furniture, etc. be noted on this form in order to avoid erroneous charges upon your departure.

Once you have received your key, you will be directed to your residence hall room. The COSMOS program occupies

two residence halls at ERC: *North America and Latin America Hall*. These halls are separated by gender.

Tentative Opening Day Schedule

Sunday, July 11, 2010

- 1:00pm - 2:45pm:** Eleanor Roosevelt College Courtyard (a.k.a. “The Green”) Check-in and move-in to your assigned residence hall.
- 2:45pm - 3:00pm:** Welcome Ceremony
- 3:00pm - 4:30pm:** Meeting Cluster Faculty & Staff. This will be a time for you and your family to meet the faculty and staff that have put together your COSMOS experience. This is also a great opportunity to ask any questions.
- 4:50pm:** Parents/Guardians depart from the campus
- 5:00pm:** Residential Life Program Begins
- 5:15pm - 6:00pm:** Dinner at Café Ventanas
- 6:30pm:** Residential Life Meeting

Parking at UCSD

The closest parking to the ERC facility is in the Pangea Parking Structure (**see map on last page**). Campus parking is free on weekends in regular yellow “S,” green “B,” red “A,” and metered spaces. Do not park in any space marked as “Reserved” or “A-Permit Required 24/7.” Please note: UCSD Parking Services reserves the right to issue a citation to anyone who parks illegally on university property at any time. The COSMOS program will not be able to assist you if you are cited for a parking violation.

Many of our students are transported to campus in a personal/family vehicle. However, please note that COSMOS participants **may not keep a personal vehicle on campus at any time**.

Getting Around the UCSD Campus

Plan on wearing *comfortable walking shoes* while at UCSD since our campus is very expansive. Students will be required to do a great deal of walking on a daily basis both on campus and on field trips (academic and recreational). In addition, students will be encouraged to participate in a variety of sporting activities during free time (basketball, soccer, volleyball, etc.). The following forms of transportation are **not allowed for COSMOS participants**: cars, bicycles, skateboards, rollerblades, roller skates, sneakers with hidden roller skates, and scooters.

Students who depend on assistive devices such as wheelchairs, crutches, leg/ankle casts or splints may be challenged based on the campus and fieldtrip site topographies, and the required amount of walking while attending the COSMOS program. Please carefully consider these challenges before deciding to attend or continue in the program. Students who require the use of such assistive devices must inform the COSMOS Office in writing at least two weeks prior to the start of COSMOS, as well as obtain written medical verification from their current healthcare provider prior to the start of COSMOS so that appropriate accommodations can be made.

COSMOS Preparation Checklist

Clothes: When packing for COSMOS, remember you will need to bring clothing appropriate to the *academic focus* of the program. Many laboratories require long pants, long-sleeved shirts, and close-toed shoes. All clothing must be suitable for a learning environment. While San Diego is generally warm during the summer, evenings in La Jolla can be much cooler, so please plan accordingly.

What to Bring:

Appropriate Clothing

- ☐ Shirts, blouses, t-shirts
- ☐ Jeans, slacks, pants, shorts (no “mini” shorts)
- ☐ Dresses and skirts (appropriate for school)
- ☐ Comfortable walking shoes (closed-toe shoes are required for labs)
- ☐ Sandals & dress shoes (optional)
- ☐ Clothes for special occasions (dances & Closing Ceremony)
- ☐ Swimsuit (appropriate for water sports/activities)
- ☐ Jacket, sweater, sweatshirt

Personal Toiletries

- ☐ Toothbrush & toothpaste
- ☐ Dental floss & mouthwash
- ☐ Disposable shaving razors/foam/gel (if needed)
- ☐ Bath towels & beach towels (**NOT** provided)
- ☐ Bath scrubby, loofah, or wash-cloth
- ☐ Soap and/or body-wash
- ☐ Facial cleanser
- ☐ Shampoo & Conditioner
- ☐ Hair brush, comb, and hair products
- ☐ Deodorant
- ☐ Sunscreen, sunglasses, lip balm, chapstick
- ☐ Medication (prescribed & store-bought)
- ☐ Shower shoes (flip flops, Texas, etc)

Additional Items

- ☐ Laundry soap, fabric softener, dryer sheets
- ☐ Quarters for laundry
- ☐ Hangers (these are **NOT** provided with housing!)
- ☐ Flashlight & extra batteries
- ☐ Spending money for field trips & snacks

School Supplies

- ☐ Backpack
- ☐ Pens, pencils, highlighters, etc
- ☐ Scientific calculator

Note: COSMOS will provide a binder, paper, and lab notebook.

Optional Items

- ☐ Extra pillows, blankets, comforters (1 small pillow, 2 flat sheets, and 1 blanket will be provided to each student)
- ☐ Camera & charger
- ☐ Alarm clock & desk lamp
- ☐ Postage stamps, envelopes, stationary
- ☐ Cell phone & charger or pre-paid phone card
- ☐ Fan
- ☐ Music device (e.g. iPod) & headphones
- ☐ Non-perishable snacks (e.g. popcorn, granola bars, fruit roll-ups, nuts, trail mix, bottled water, etc)
- ☐ Laptop (please see page 14)

DO NOT BRING VALUABLES!

THE UNIVERSITY WILL NOT BE RESPONSIBLE FOR LOST OR STOLEN PROPERTY.

What Not to Bring:

Prohibited Items: Do not bring to UCSD

- ☒ Automobiles, motorcycles, etc
- ☒ Pets/animals of any kind
- ☒ Weapons, including knives, razor blades, etc
- ☒ Non-prescribed drugs, alcohol, tobacco products
- ☒ Matches, lighters, candles, fireworks
- ☒ Hot plates, cooking appliances, etc
- ☒ Bicycles, skates, skateboards, scooters, etc
- ☒ Halogen lamps (due to fire hazard)

POSSESSION OF THE PROHIBITED ITEMS ABOVE IS GROUNDS FOR IMMEDIATE DISMISSAL FROM THE PROGRAM WITHOUT REFUND.

DO NOT WEAR:

- ☒ Valuable jewelry or clothing
- ☒ Cut-off or mini shorts
- ☒ Jeans with holes
- ☒ Low/revealing tops or mini-skirts
- ☒ Clothing with inappropriate language/artwork or colors associated with gangs
- ☒ High heels or platform shoes
- ☒ Oversized shirts or pants

Section II: Academic Schedule

The information below will provide you with an overview of main events and day-to-day expectations during your stay at UC San Diego. The COSMOS Summer Program is a four-week, full-immersion program providing students with an opportunity to participate and grow in a research environment. This intense academic experience allows students a chance to enhance their math, science, and engineering skills.

COSMOS Daily Schedule

This is only a general outline and subject to change. Students will be given a more specific daily schedule upon arrival at COSMOS.

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
7:45am - 8:30am	Breakfast				
8:40am - 8:50am	Morning Updates				
9:00am - 11:00am	Cluster Instruction	Discovery Lecture	Cluster Instruction	Science Communication	Cluster Instruction
		Science Communiation			
12:00pm - 12:45pm	Lunch				
1:00pm - 4:00pm	Cluster Instruction	Open Field or Lab Work	Cluster Instruction	Academic Enrichment/ Review Sessions	Cluster Instruction
4:00pm - 5:15pm	Free/Study Time @ Residential Halls				
5:15pm - 6:00pm	Dinner				
6:15pm - 7:30pm	Study Time				
7:30pm - 8:00pm	Residence Hall Floor Meetings				
8:00pm - 10:00pm	Recreational Activities				
10:00pm - 10:30pm	All COSMOS Students must be on their floor				
10:30pm - 11:00pm	All COSMOS Students must be in their own rooms				
11:00pm	Lights Out				

Each academic cluster has some unique plans for its students, so this schedule may vary. Cluster instructors will provide their students with specific information about laboratory work, field trips, and other special activities. When students are on a field trip away from campus, catering services will provide a boxed lunch. In addition to cluster activities, there will also be all-student programs and events.

Attendance Policy

COSMOS is an intense academic program that offers a glimpse of the college experience. Not only will students be heavily involved in classes and labs, but they will also enjoy opportunities to participate in daily activities (including weekend excursions) through their Residential Life experience. Students will be expected to interact daily with other COSMOS students, faculty, and staff, both academically and socially. Because of this, our program maintains a firm 100% attendance policy. With the

exception of Family Visitation Weekend, students may not leave the campus throughout the duration of the program.

We understand that COSMOS participants often have active extra-curricular schedules. However, due to the intensity of this program, the full commitment of each student is required. Students will not be released to attend special events such as weddings, concerts, sporting events, birthday celebrations, etc. *Please plan accordingly!*

If an emergency situation arises that requires a student to depart from COSMOS for any period of time, please immediately contact the COSMOS Office by calling 858-822-4361 or emailing cosmos@ucsd.edu. PLEASE REMEMBER, however, that the COSMOS program requires full attendance from all of our students. *On a case-by-case basis*, the Assistant Director may approve a brief departure for emergency reasons; however, in general, a student who is removed from the program for any period of time will be considered dismissed and ineligible for a refund.

Parent(s)/guardian(s) are REQUIRED to check-in their student(s) on **Opening Day, Sunday, July 11, 2010**, from **1:00pm to 2:45pm** and pick-up their student(s) on **Closing Day, Saturday, August 7, 2010**, from **12:00pm to 1:00pm**. If your schedule does not permit you to attend for the full length of the Opening and Closing day events, you must make arrangements by contacting the COSMOS Office via email at cosmos@ucsd.edu.

Discovery Lecture Series

The Discovery Lecture Series is designed to introduce outstanding scientific and mathematical research to our students. Guest lecturers have agreed to share their knowledge and expertise with COSMOS community.

This summer's lectures will be given by:

Tony Haymet, Director, SIO

Dr. Haymet has been Director of Scripps Institution of Oceanography, Vice Chancellor for Marine Sciences, and Dean of the Graduate School of Marine Sciences at University of California, San Diego, since September 2006.

Tajana Rosing, Assistant Professor, CSE, JSOE, UCSD

Dr. Rosing is currently an Assistant Professor in the Computer Science Engineering Department at the UCSD Jacobs School of Engineering, a director of System Energy Efficiency Lab at UCSD and a head of the Large Scale Systems thrust that is a part of the MuSyC center.

Jennifer Cha, Assistant Professor, Nanoengineering, JSOE, UCSD

Dr. Cha is a former IBM research scientist who joined the UCSD Jacobs School of Engineering faculty in 2008.

Ming Tsuang, Professor of Psychiatry, UCSD

Dr. Tsuang is Behavioral Genomics Endowed Chair and University Professor and Distinguished Professor of Psychiatry and Director, Center for Behavioral Genomics, Department of Psychiatry, University of California, San Diego.

Science Communication Course

All COSMOS students are required to attend a writing and critical thinking class twice a week. The course is designed to provide students with the tools necessary to write clearly and academically about their

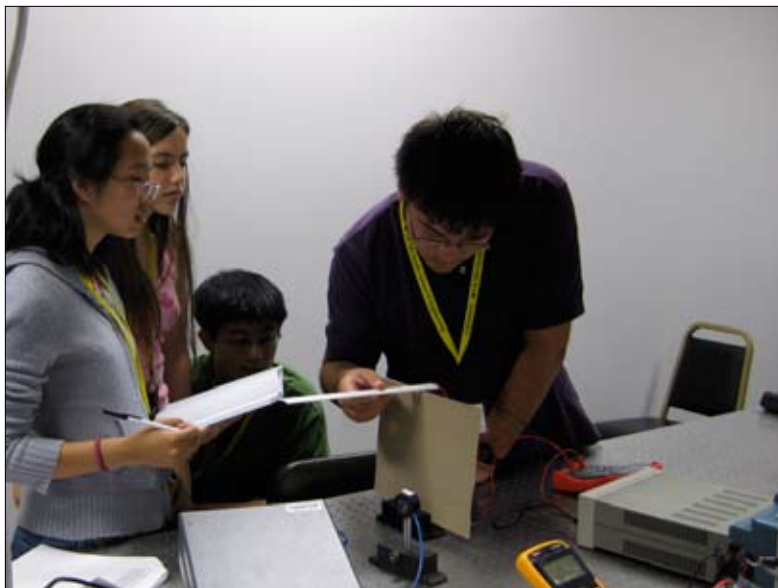

research topics, which will be essential in completing the final project. The Science Communication Course also emphasizes the skills students need to compete academically as future students in higher education, and will enhance your written presentation skills for entry in local and statewide science fairs.

College and Career Information Day

On Thursday, July 22, 2010, COSMOS will sponsor a “College and Career Information” session for all COSMOS participants. This is an excellent opportunity for students to ask questions regarding the UCSD admissions process, future careers in Math, Science and Engineering and about college life. You may wish to prepare a list of questions that you might want to ask of our speakers and panelists. Your Resident Advisors are also UCSD students, so feel free to ask them any questions you have about college.

COSMOS Final Project

All COSMOS students will complete a final project, which will include an oral and visual presentation based on group research you perform in your cluster. Completion of this project is required to earn a COSMOS Certificate of Completion at the end of the four-week program. All final projects will be on display to the public in the COSMOS Research Expo on **Saturday, August 7, from 9:00am – 10:15am**. Projects should reflect each student’s learning experience during the COSMOS program. Cluster instructors and Teacher Fellows will be providing further information about the details of this project during the first program week.

Closing Events

The COSMOS Awards ceremony will be on Saturday, August 7 from 10:30am to 11:45am at the UCSD Price Center Ballroom. During this event, students will be awarded their Certificates of Completion and individual student awards will be presented. Families are welcome to attend this event. Please be aware that there is limited seating available for this program.

Students generally wear more professional clothing at this event, so pack accordingly.

On Saturday, August 7, **all students are required to check-out of the residential suites at the ERC Residential Hall Complex between 12:00pm and 1:00pm**. We will encourage students to complete the majority of their packing the evening before their departure, as *parents/guardians will not be permitted in student living areas on move-out day unless their student accompanies them*. **Please note that the residential areas must be completely vacated no later than 1:00pm.**

If parent(s)/guardian(s) are unable to join us for the entire Closing Day Ceremony, please plan to arrange pick-up of your student no later than **1:00pm** on Saturday, August 7, 2010.

**There is no charge for parking on the weekends in regular yellow S, green B, red A and vacant parking meter spaces.*

Section III: Residential Life

The COSMOS residential experience is designed for each student to make new friends, socialize, and enjoy free time while on campus. The friendships students form during these social periods often become long-lasting and rewarding for everyone involved. Resident Advisors (RAs) are current undergraduate students at UCSD who live on-campus with our students. RAs are familiar with campus resources, and trained extensively in counseling, advising and activity-planning to help enhance each student's COSMOS experience.

To supplement the COSMOS academic program, Resident Advisors will work with students to organize events throughout the summer. RAs within the suites will help arrange activities intended to give students a chance to get to know each other, get some exercise, and have some fun! Signs will be posted regularly in the residence halls announcing these activities. If you have an idea for an activity you would like to suggest, don't be shy! Share your ideas with your RAs so that they can plan things that are of interest to you and others. Previous events have included Karaoke Night, Talent Show, COSMOlympics, Ice Cream Socials, Scavenger Hunts, Movie Nights, and a Co-ed Dance.

Expect to enjoy your weekends with off-campus excursions as a COSMOS participant. Some possible field-trip locations are the Wild Animal Park, Balboa Park, La Jolla Shores, Petco Park, Knott's Berry Farm, and the world-famous San Diego Zoo.

If you like to swim or hang out pool-side, we suggest you bring a swimsuit appropriate for aquatic activities. *Since several of our activities may take place at the beach, we highly encourage you to become swim proficient prior to your arrival at COSMOS.* (Note that all Cluster 3:Living Oceans participants MUST be officially swim-certified by a lifeguard or swim instructor.)

Supervision of Students by Residential Life Staff

The residential staff consists of the Resident Dean (RD), a Senior Resident Advisor (SRA), and RAs. Our dynamic team of RAs is carefully selected each year by the Resident Dean to help make each student's transition to COSMOS and UCSD effortless and safe. The residential staff is available to plan social activities and events, answer questions about college life, and explain COSMOS and university policies. All residential staff have gone through extensive training (including First Aid and CPR certification) and are well-prepared to handle emergency situations, resolve conflicts among students, and address all types of student concerns.

If you are feeling ill or homesick, don't be embarrassed!

Please feel free to speak with a Resident Advisor—they're here to help!

The Resident Dean is a trained professional at UCSD who has experience working with high school students and undergraduate residential programs, and specializes in resolving on-campus housing situations. The RD has a strong interest in helping students achieve their academic goals by working with the RAs and SRA to create a safe, secure and comfortable living environment. At least two RAs will be assigned to each academic cluster; in the residential areas, there will be one RA for approximately every 10 students.

Room Accommodations & Roommates

COSMOS secures two residential halls each summer to house our students. Each residential hall is gender specific, and only the common area lounge on the first floor of each building is co-ed. Private bathrooms are not provided at ERC; however, there are separate restrooms for males and females on each floor. Each one-windowed bedroom contains a twin size bed, small closet, small desk, set of drawers, and a trash can for each student. Roommates are typically assigned by age/grade, and students are usually paired with students from a different cluster. *The COSMOS Program does not honor specific roommate requests.*

COSMOS encourages students to decorate their living space to help them feel more comfortable. Students may consider bringing photos, posters, bed comforters, etc. Please note, resident hall rooms must be returned to their original condition upon check-out; failure to do so will result in a charge. In addition, the following criteria must be followed:

- Do not drill holes in the wall, ceilings, doors, or furniture.
- No nails or hooks are permitted in the walls or ceiling.
- Items such as photos/posters may be attached to the wall using only blue painter's tape or "Command" mounting adhesive.
- Students may not paint any portion of their living quarters.
- Student may not move or remove any furniture.
- Street signs, cones, etc. that have been illegally acquired are prohibited.

You will most likely find the relationship with your roommate(s) is easy and natural. Any issues can easily be avoided if each student enters the program with the understanding that their experience will be more enjoyable if they make the effort to get to know other students and allow other students to get to know them. We expect roommates will strive to work out conflicts. If roommate difficulties arise, students should consult their RA for assistance in resolving the conflict. Remember, the key components to a successful roommate relationship are communication, consideration, understanding, and compromise.

Should a conflict with a roommate arise, please implement the following steps to smooth out differences. With the assistance of your RA many disagreements can be arbitrated and resolved.

1. Discuss the situation with your roommate first. We have found the majority of conflicts are usually avoidable with honest discussion and compromise.
2. If the problem persists, discuss the situation with your RA. He or she may offer solutions and act as a mediator for you and your roommate.
3. If there continues to be a problem the RA will request input from the Residential Dean (RD) or COSMOS staff.

Please note that it is the policy of the COSMOS Program not to accommodate room changes. If students are unable to resolve housing issues with the assistance of the Residential Life staff, they may be asked to leave the program.

Custodial Service in the Residence Halls

Every student has a responsibility for the upkeep of the residence hall facilities and environment. Just as it is probably your responsibility to keep your room clean at home, it is your responsibility to keep your residence hall room clean while at COSMOS.

Common areas, including restrooms, are cleaned and serviced regularly by University staff. All students should make every effort to keep the common areas clean and the facilities in proper condition. **Towels will not be provided**, so please bring a set with you for your own personal use. University custodial staff will replace the UCSD-provided bed linens once a week. Students will be instructed by their RA to remove these linens and place them in the hall of the suite when it is time for them to be changed. In addition, students should do their part to minimize waste and ensure the proper disposal of garbage and recycling.

Graffiti and vandalism are violations of the Student Code of Conduct, and may lead to disciplinary action up to and

including monetary fines and dismissal from the COSMOS Summer Program.

Meals While Attending COSMOS

Three daily meals will be provided during scheduled times at Café Ventanas, Eleanor Roosevelt College's spacious dining facility. Ventanas is the newest dining facility at UCSD, providing a cafeteria-style buffet with a wide range of meal choices including a variety of main entrees, a salad bar, fresh fruits, cereal, desserts and several beverage options. Vegetarian and vegan options are available and no MSG is added to any of the food. **Please advise the COSMOS staff of special dietary needs** using the Medical Authorization and Emergency Information Release Form in the packet of forms and waivers that you will submit upon acceptance to the COSMOS program.

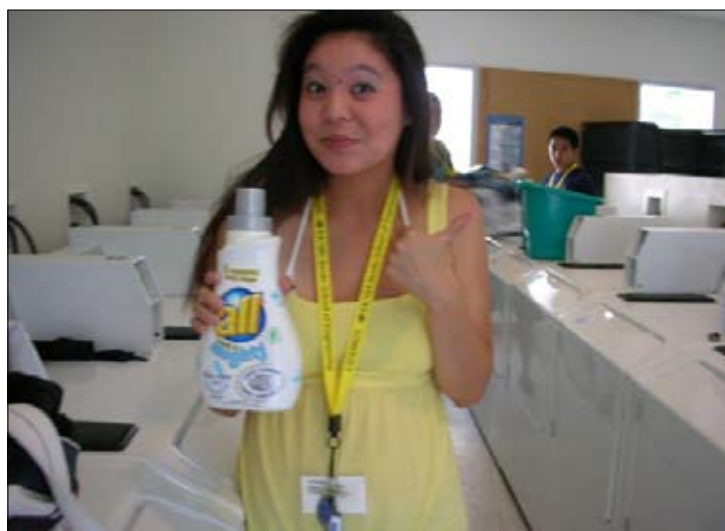

Shirts, shoes and COSMOS badges must be worn in the dining hall at all times. Backpacks, purses, briefcases, laptops, and large containers (including beverage containers and coolers) should not be brought into the dining hall. Any concerns regarding food or dietary needs should be brought to the attention to the COSMOS Staff and the residential life staff prior to your arrival at COSMOS. *UCSD Housing, Dining and Hospitality employs a registered dietician (RD) who will assess whether UCSD Dining Services can accommodate your medically-necessitated dietary restrictions. **These dietary restrictions must be provided to Conference Services at least 2 weeks before arriving to the COSMOS Program.** Medical documentation may need to be provided to the registered dietician to determine the best available method for Dining Services staff to handle special dietary accommodations. Additional fees may apply.* During field-trips, boxed lunches will be provided to each of our students by Café Ventanas catering services. Students are welcome to bring non-perishable snacks to keep in their rooms, but please remember that refrigerators are not provided.

While dining, be mindful to conduct yourself in a mature manner. Students are responsible for bussing their own trays and properly disposing of dishes and waste. Tables and chairs should be returned to their original position upon leaving the dining facility. If you see a diner engaging in inappropriate behavior, immediately contact a RA or staff member. Do not engage in food fights or disruptive behavior. Food fights will result in hefty cleaning and labor charges, in addition to disciplinary action, for all participants. All individuals involved in the initiation, planning, promoting and/or throwing of food are subject to disciplinary action (up to and including dismissal) from the COSMOS Summer Program.

Laundry

During your stay at COSMOS, you will be required to do your own laundry. ERC's laundry facility is equipped with coin-operated washing machines and dryers for your use. The cost of one load of wash is \$1.00 and dryers are \$0.75. Detergent and dryer-sheets are not provided, so you will need to bring some from home.

The custodial staff will provide two sheets and one small pillow for your use during the COSMOS Program. These items will be in your room when you arrive and exchanged weekly with a clean set. Students **MUST** provide their own towels. For your comfort we encourage you to bring extra blankets, a comforter, an extra pillow, and pillow cases for your bed. These items are not required but may make your

four-week stay more comfortable.

Study Time & Homework

There will be scheduled time for independent study throughout each week. This might include homework previously assigned from your Teacher Fellow, cluster course work, or the COSMOS final project. Students may form small study groups, work in the computer labs with supervision, or go to their own room to study independently.

The COSMOS program will provide all students with a temporary UCSD network account which will give them wireless internet access. There are no fees associated with using the internet in the computer labs, or on COSMOS laptops (which are available for check out a few hours at a time). You will need to pre-configure your personal computer to be compatible with UCSD's ResNet system; instructions

for this will be made available upon arrival on Opening Day.

Computer Usage

You are not required to have a computer during COSMOS. *However, while this is not a requirement, it is strongly recommended that students bring their own laptops.* Computer labs and laptops will be available for you to complete your cluster course work during the program. Remember, if you do wish to bring a laptop, you (the COSMOS participant) are responsible for its security at all times.

Note: It is a violation of the COSMOS Student Code of Conduct to tamper with any computer technology, web sites, or any fire and safety equipment.

Phone Use

Phone lines will not be provided in student rooms during the duration of the COSMOS Program. There are payphones available near the residential halls; if you intend to use them please bring quarters or a pre-paid phone card. We ask that students and parents minimize telephone calls as much as possible; however the best time to make phone calls is after 4:30pm, after academic instruction ends. While cell phones are permitted, their use during class time and group activities is **strictly prohibited**.

Religious & Spiritual Services

Students will not be escorted nor released to attend religious services at any point during the COSMOS Program. The COSMOS staff respects the various religious and spiritual beliefs held by our participants, and acknowledges that some students will have

to sacrifice attending regular religious services in order to fully commit to our program. COSMOS greatly appreciates this level of commitment and understanding from our students and their families.

Musical Instruments

The Resident Dean encourages students to bring their musical instruments to practice and play during non-study periods. Musicians will have the opportunity to showcase their talents at the COSMOS Talent Show. Currently, Conference Services is also granting pianists the opportunity to use the upright piano in the Middle Earth Lounge, as long as it is not being reserved or used by another program. Please be considerate and courteous to others when playing your instrument. The use of amplified sound or practicing at any volume during quiet hours is strictly prohibited. Along with electronic devices, COSMOS is not liable for the safety and security of your instrument and will not replace or repair any damaged or stolen equipment. By choosing to bring a musical instrument, parents and students acknowledge and accept the inherent risk of bringing a valuable item to the COSMOS Summer Program.

Sending Mail to Students

For many of our students, COSMOS is their first long-term experience away from home. The COSMOS Staff encourages families and friends to write to their student. Please be aware that mail sent via the U.S. Post Office can take approximately one week to be received on campus; even overnight packages can take 2-3 days to reach their destination. For this reason, COSMOS discourages mailing any perishable items and encourages all student mail to be post-marked no later than Monday, July 27, 2009. Mail received on or after Closing Day will be returned to sender.

Students can provide the following address to anyone wishing to send them mail:

Student's FULL Name (First & Last – no nicknames!)
COSMOS at UCSD
9450 Gilman Drive, 927000
La Jolla, California 92092-7000

UCSD uses a central mailing system, so all packages arrive and are signed for at a central mailing facility. Packages are then routed to the COSMOS Residential area. This means that all packages will take an additional day or two to reach our students, even if the shipping company shows that someone has received and signed for the package.

Packages should be addressed to:

COSMOS at UCSD
Student's FULL Name (First & Last – no nicknames!)
9500 Gilman Drive, # 0429
Engineering Building Unit 1 – Suite 1400
La Jolla, CA 92093-0429

Section IV: Safety & Security at UCSD

Our first priority is to ensure each student's safety. COSMOS participants will be issued keys to access their living areas, and are required to lock their doors and carry these keys on them at all times.

Students are responsible for their own keys. Exterior doors of residence halls are locked at all times, so students must have their keys on them in order to enter the building. If students are locked out of their room, they can see their RA or stop by the on-site COSMOS office to access their room.

If a room key is lost or stolen, students should go to the Conference Services Desk in Eleanor Roosevelt College immediately to receive a spare set. **Under no circumstances should doors be left unlocked or propped open.** This compromises the safety of everyone in the building. Students are advised to be extremely careful with the key(s) they are assigned, as there is a \$106 replacement fee per key if any keys are permanently lost. *Do not let the cost of key replacements deter you from seeking a spare set of keys if yours are lost;* you will not be charged if your original keys are recovered prior to your departure, so there is no reason not to report lost keys as soon as you notice that they are missing. Doors should remain locked at all times.

Note: Any student who attempts to enter another student's room without their knowledge/permission will be immediately dismissed from the program without refund. This includes (but is not limited to): entering an unlocked room that is not your own; "borrowing" or stealing keys to gain entry to another person's room; attempting to deceive COSMOS, UCSD, or Conference Services staff into allowing you access to another's person's room; or attempting to gain access to spare keys for a room which is not your own.

Propping of residence hall doors with chairs, etc. is strictly prohibited. Fire regulations mandate that suite doors must remain closed at all times. This is for your personal safety and the safety of others.

- Do not grant access to ANYONE to enter your residence hall at any time, as all authorized personnel should have their own access key.
- Lock your door every time you leave your room to ensure your property is not removed or tampered with.
- Make certain building doors close completely behind you, whether you are coming or going.
- Do not allow COSMOS participants of the opposite gender into your hall.

Additionally, we encourage student NOT to bring valuables such as expensive jewelry, valuable electronics, or a large amount of cash to COSMOS. Students will not need money for anything other than souvenirs and incidentals. If you have a credit card or bank card, it is recommended that you bring it as opposed to large amounts of cash. ATMs are located at the Price Center should students need to withdraw additional money. Note: COSMOS and UCSD are not liable for lost, forgotten, or stolen items left in housing, lounges, meeting rooms, or public areas.

UCSD Police and Campus Security frequent the residence halls and are on call 24/7, but as a community we must all do our own part to ensure the safety and security of everyone in our program.

COSMOS Identification Badges

Each COSMOS participant will be issued an identification (ID) badge and lanyard. **This COSMOS ID badge MUST be worn between the hours of 7:00am and 11:00pm.** Replacement badges may be requested at the on-site COSMOS Office or by placing an order through your RA. *It is essential that this ID badge and lanyard be worn and visible at all times, both on and off campus.*

Campus Security

Residential Security Officers (RSOs) work in coordination with the UCSD Police Department to help ensure resident safety. They are another valuable resource that help maintain the safety and security of residence halls, enforce university policy, and assist in a variety of situations. RSOs begin their shifts in the evening, and conduct security rounds of the residences and parking lots until the following morning. In case of an emergency a RSO can be reached by calling 858-534-HELP, or by contacting an RA.

Notice of Availability of the UCSD Campus Security Report

In accordance with the guidelines established by the University of California, Office of the President, and pursuant to federal law, identified as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998, all currently enrolled students, campus employees and all prospective students and employees are entitled to request and receive a copy of the UCSD Annual Campus Security Report. The report contains crime statistics about certain specified crimes/incidents that have been reported to Campus Security Authorities over the past three years and which have occurred either on-campus, in off-campus buildings or property owned or controlled by the University, or on public property adjacent to the campus.

The report also contains policies and practices pertaining to campus security, crime reporting, alcohol and drugs, victims' assistance programs, student discipline, campus resources, community safety alerts, crime prevention, access to campus facilities, and personal safety tips. The report encourages the reporting of all crime occurrences and explains how to report crimes, including sexual assault crimes.

Copies of this report may be obtained in person from the UCSD Police Department or direct link on-line at: www.police.ucsd.edu/docs/information.htm. Additional links are available at this web site, including a link to view the Annual Clery Security reports for the other campuses of the University of California. If you do not have access to the Internet, you may obtain a copy of the Clery Report by submitting a written request to:

UCSD Police Department, 9500 Gilman Drive, M/C 0017, La Jolla, CA 92093-0017

Eleanor Roosevelt College Additional Policies

Animals - are prohibited in all housing areas at all times. Breach of this provision will result in a minimum \$50.00 charge for cleaning and fumigation, and disciplinary action up to and including dismissal from the program.

Balconies/Window Railings/Sunshades/Patios - Do not tamper or damage balconies, windows, railings, and sunshades. Do not hang items (e.g. towels, wetsuits, or blankets) on railings or balconies, as this may cause them to break and/or potentially damage your belongings. Additionally, there is no climbing allowed on the rails or balconies.

Throwing Objects from Windows & Balconies - Residents are not permitted to throw water, water balloons, or any other objects out of (nor up to) balconies, windows, or stairwells. Due to the risk for injury or property damage involved, fees of \$50 per item will be assessed against student(s) who engage in such behavior. Throwing any object, including water balloons, from the windows or balconies of the halls or apartments is expressly prohibited and will result in fines, as well as possible dismissal from the COSMOS program.

Cooking – is prohibited in the residence halls.

Chemicals – are not permitted to be stored in the residence halls. All potentially dangerous substances must remain properly stored in the lab.

Damages and Excessive Mess - You are financially responsible for damages (other than normal wear and tear) to your room or suite, common areas and its furnishings. When a damage report is received, a COSMOS Staff Member will make an assessment of the damages and of the repair cost. If it is not possible to determine who is responsible for damage, the charge will be divided equally among suite members or roommates. These charges will be billed directly to the parent(s)/guardian(s) of the student(s) involved. Students of each residence hall building are also responsible for the common areas such as floor lounges and kitchenettes. When you check out of your room, it should be in the same condition as when you moved in. This guideline applies to cleanliness as well as damages. If your room or suite requires excessive cleaning after you move out, you will be assessed a cleaning fee. The minimum charge for excessive cleaning is \$50.00. Under no circumstances should you attempt to repair or rectify any damages yourself, as additional costs may be incurred as a result.

Window Screens - There is a \$75 administrative fee for removing a window screen at any time. Please do not compromise the safety of your living area by removing screens and attempting to use the window as a means of entry if you have forgotten or misplaced your key. If your room is missing a screen or has a damaged screen, please contact your RA immediately.

Elevator - Damage to or destruction of elevator equipment or walls, including graffiti and harassment of elevator repair personnel, is strictly prohibited.

Roof Access - Due to the safety hazard, access to the roofs of any building is strictly prohibited. Established roof panel and ladders are to be accessed by authorized personnel only.

Trash - Trash cans from your room should be emptied in the large dumpsters each week or as needed. Do not use public common area trash cans or the trash cans in the laundry rooms to empty your trash. Accumulated trash and recycling containers are prohibited on patios and balconies for health and safety reasons. Avoid attracting pests such as ants, mice and rats by keeping trash at a minimum.

Firearms/Fireworks - The possession or discharge of firearms, fireworks, or other explosive substances is prohibited. The possession of BB guns, pellet guns, air guns, sling shots, M80's, or lethal weapons of any form, (martial arts equipment included), is

prohibited. Dart-throwing inside or within the vicinity of the residence halls is prohibited. Such possession is a felony and will result in the removal of the party(s) from the University and possible legal action.

Fire Safety & Fire Safety Equipment - Misuse of fire safety equipment such as pulling fire alarms and pranks involving fire hoses and extinguishers is strictly prohibited. These acts are punishable by up to one year in jail and a fine of up to \$1,000. Because of the compromise to the safety of the community, a student involved in setting off or tampering with fire safety equipment/alarms will be subject to severe disciplinary action up to and including fines and program dismissal. Also see policy under "Smoke Detectors". Misuse of the fire sprinkler heads (hanging items from them, etc.) can set them off. Violators will be held financially responsible for the resulting water damage to university and personal property if this

occurs. Water damage is usually a substantial amount of money.

Smoke Detectors – There are smoke alarms located inside each of the residence halls. YOU MAY NOT cover a smoke detector with wall hangings, clothing, or other materials. IMPORTANT: Do not dismantle the smoke detector! When a smoke detector is removed or tampered with a signal is sent to the University Police Department. The Police then notify staff and/or send an officer to assess the situation immediately. You will be assessed a damage charge or citation with a minimum fine of \$300. It is the resident's responsibility to report problems to your RA. If staff determines that a smoke detector has been removed, tampered with or if batteries have been removed, the student(s) involved will be subject to disciplinary action.

Sprinklers - Every room is equipped with a heat activated sprinkler system. Hanging items on these sprinklers or otherwise disturbing them may cause them to activate, potentially damaging your belongings and university property. If the sprinkler system is activated, an alarm will sound throughout your building. Tampering with sprinklers is prohibited. Violators will be held financially responsible for the resulting water damage if this occurs. Water damage is usually a substantial amount of money.

Earthquakes - There will be an emergency preparedness drill that will be discussed with students at the beginning of the COSMOS program. You will be made aware of designated evacuation sites and first aid centers in your residential area. In the event of an earthquake, get under a heavy table, desk, bed, in an interior corner or under an interior door jamb until the initial shaking stops. If it is safe, carefully make your way to the designated evacuation site in your residential area. Do not use your telephone except to report a casualty or fire. During the drill, a check will be made of all rooms by staff members. The alarm will not be turned off until the building has been completely evacuated. Treat every alarm as if there is an emergency. It is a violation of state law to remain in a building when an alarm is sounding.

Noise/Quiet Hours - Loud and excessive noise is an invasion of privacy as it affects other residents in the community. Every resident is entitled to a proper atmosphere conducive to sleep and study. Residents are encouraged to assume personal responsibility and directly request that other residents cease any activity which hampers their ability to study or sleep. Consideration for the rights of others is mandatory in a group living situation. Quiet hours are in effect 10:00PM to 7:00AM DAILY. This does not mean that all noise levels are acceptable before these particular quiet hours. "Courtesy Hours" should be observed at all times of the day and night, with all residents being considerate of the effect their noise may have on their neighbors. The rights of other members of the community should always be taken into consideration, and the right to sleep or study takes precedence at all times. Residents should take the initiative to self-monitor noise. It is not acceptable to assume that it is okay to be noisy until someone complains. Music may be played only in a resident's room and at a reasonable volume. No amplified instruments may be played in the residence halls at any time.

Energy Use/Conservation - The state has been facing some significant issues regarding energy use and consumption, and as a result, the university has requested all departments to do their best to conserve. COSMOS students are asked to be mindful of their personal energy use while attending the COSMOS program.

To conserve energy, students can:

- Turn off lights when not in use.
- Turn off computers, printers and monitors when you plan to be gone for more than an hour.
- Configure your computer to use low power or sleep mode when not in use.
- Do not use screen savers, as this defeats the purpose of sleep mode.
- Report maintenance problems (leaky faucets, radiator problems) to your RA.
- Conserve water when brushing your teeth or shaving. Do not leave the faucet running.
- Take shorter showers to save even more water.

Section V: Student Code of Conduct

As a participant of COSMOS, you will be joining a community focused on advancing knowledge in mathematics, engineering and science in a research-based environment to encourage student exploration and growth. You will be building bonds of friendship and experiencing real-life applications of scientific methods and engineering principals.

As in any successful community, policies exist to ensure the safety and well-being of all participants. The intent of all COSMOS policies is to promote safety, community, spirit, cooperation and leadership amongst our participants. Rules have been developed to ensure participants meet acceptable standards of behavior in academic, social and residential life. It is expected that all COSMOS participants will conduct themselves in an appropriate manner, with respect for the rights of other individuals and property. Destructive and/or dangerous activities and horseplay which could result in injuries or damage to the facilities are prohibited.

Special Note to Students who are 18-years-old

When you accept the offer of admission to COSMOS, you agree to abide by all Rules and Policies despite the fact that they may be more restrictive than your current lifestyle. This includes rules and policies pertaining to vehicles, leaving the campus and curfew. *If you feel these rules are too restrictive, difficult to follow, or invasive of your privacy, you may want to reconsider your decision to attend the COSMOS Program at UCSD.*

Rules & Policies

Appropriate disciplinary action, up to and including dismissal from the program will be taken when any student is involved in misconduct. All participants involved in misconduct are subject to the Judicial Review Process which is described in detail following this section.

To ensure the safety and well-being of all COSMOS participants, the following acts of misconduct will be considered violations of the Student Code of Conduct:

1. **Verbal or physical abuse** of another person, particularly on the basis of their race, gender, sexual orientation, national origin, disability, or other individual or group characteristic.
2. **Being under the influence or in possession** of alcoholic beverages, tobacco products, illegal substances, non-prescribed drugs and/or drug paraphernalia of any type.
3. **Firearms/Weapons:** Under California

law, it is a felony to possess any firearm, including pellet guns, BB guns or air pistols/rifles on a UC campus. Violations will be handled on a criminal basis and will result in a minimum sanction of dismissal from the COSMOS program. The possession of any weapons, including knives, box cutters, martial arts equipment, slingshots, darts, and paintball guns is strictly prohibited.

4. The **possession of explosives** including fireworks, M-80s, bottle rockets, or any other explosives of flammable substances is strictly prohibited.
5. **Unauthorized tampering** with any computer technology, websites, or any fire and safety equipment.
6. **Theft or property damage**, including graffiti.
7. **Involvement in any illegal activity**.
8. **Leaving the UCSD campus** without pre-authorization from a COSMOS Administrator and without a designated adult chaperone.

Residential Life Rules & Policies

The Residential Life program will provide participants with opportunities to relax, socialize, and involve themselves in fun, engaging activities meant to foster friendship, trust, mutual understanding and appreciation of all COSMOS participants.

The COSMOS residential housing facilities at UC San Diego are group living environments where students are assigned rooms in residence halls shared with other students as roommates and suitemates. Each student agrees to respect the rights of the other residents and to conduct him/herself in a manner conducive to the harmonious group living environment developed and fostered by the residential life staff. COSMOS may remove from the program any resident who demonstrates an ongoing inability to abide by the requirements and expectations for such group living.

Visitor Policy

For everyone's safety, and to help encourage our students to fully enjoy all of the educational and interpersonal opportunities at COSMOS, we have found it best to limit guest visitations and not permit students to leave campus during our program. Due to the intensity of the academic program, students are not permitted to have visitors (including family members) without the prior knowledge and consent of the COSMOS Manager, which must be obtained at least 24-hours in advance. Only in the case of emergency situations will special provisions be made for a student to leave campus or have a visitor(s) during the COSMOS Program.

COSMOS does encourage parent(s)/guardian(s) to visit or pick-up their student on Family Visitation Weekend. Parents/guardians may check-out their child **between 9:00-11:00am on Saturday, July 24. Students can be checked in on both Saturday, July 24 and Sunday, July 25, between 6:00-8:00pm.** Any student participating in Family Visitation Day/Weekend must sign in and out with a designated COSMOS staff member and give prior notification in writing that they will be participating in Family Visitation Day/Weekend. Family Weekend is an optional activity. COSMOS staff will be on campus to supervise and provide programs for those students who will be staying on campus during the weekend.

Should a parent/guardian need to visit a student, they must inform our staff a minimum of 24-hours prior to the intended visit. Advance notification about parental visits will allow us to alert you to possible COSMOS-related scheduling conflicts. The parent/guardian should call the on-site COSMOS office number and be prepared to send an email (cosmos@ucsd.edu) or fax (858 822-3903) stating their intent to visit. Please remember, however, that a student who is removed from the program for any period of time may be considered dismissed and ineligible for refund.

Avoid scheduling appointments during the duration of the COSMOS Program: Sunday, July 11, through Saturday, August 7, 2010. Please mark your calendar accordingly!

Things COSMOS Participants May NOT Do

1. Leave the UCSD campus during the program, except for COSMOS field trips and activities and only when accompanied by COSMOS staff, faculty or other designated adults.
2. Have outside visitors at UCSD during the program with the exception of Family Visitation Weekend on July 24-25. Students will be required to submit the Family Visitation Weekend notification form by the deadline in order to be checked-out by their parent/guardian. Visitors are not allowed to enter any residential areas housing students (except on Move-In Day Sunday, July 11 and Move-Out Day Saturday, August 7).
3. Leave their housing suite during curfew hours, which are 11:00pm to 7:00am.
4. Visit any other residential areas occupied by students of the opposite gender or any area occupied by residents of another program housed on the UCSD campus. Students of the opposite gender are permitted in the main floor common lounge area of the two COSMOS residential buildings.
5. Maintain or use a car, motorcycle, or other vehicle during the COSMOS program. Bicycles, skateboards, rollerblades, scooters, etc. are also prohibited.
6. Organize and/or participate in “pranks” as they are considered a serious offense to group living.
7. Wear inappropriate or unacceptable clothing including undergarments worn over or as clothing, clothing with profanity or advertisements for alcohol, drugs, or tobacco products, excessively baggy, low-cut, or overly-revealing clothing.
8. Abuse others in any manner which may cause or potential cause another individual physical or psychological harm, and/or which may cause needless feelings of discomfort or embarrassment.
9. Use inappropriate physical contact (whether consensual or not) that is not suitable in an educational environment. COSMOS follows a no PDA (public displays of affection) policy.
10. Use foul, vulgar, inappropriate, or offensive language.
11. Share medications, whether prescribed or over the counter medications, with any other COSMOS student.

Things COSMOS Participants MUST Do

1. Wear their COSMOS lanyard and name badge between the hours of 7:00am – 11:00pm daily.
2. Sign-in and out of the residence halls with the appropriate RA. In addition, when leaving the residence hall area, students are expected to be with another COSMOS student using the “buddy system.” COSMOS students are not permitted to wander the campus alone. This policy also applies to all on and off campus field trips.
3. Report illness to a RA immediately.
4. Wear the COSMOS t-shirt provided on Opening Day on all academic and

weekend field trips.

5. Honor Quiet Hours: 11:00pm to 7:00am daily.
6. Be in his/her assigned suite by 10:00pm and in his/her room by 10:30pm.
7. Be considerate of others by controlling his/her noise level 24 hours per day. If a RA or staff member asks the student to lower the volume or reduce the level of noise, we expect the student to accommodate the request and reduce the amount of noise accordingly.
8. Take adequate concern for personal hygiene and appearance. Participants must be suitably dressed & well-groomed at all times.
9. Abide by the COSMOS Dress Code: Acceptable clothing includes: shorts, pants, jeans, t-shirts, blouses, sweatshirts, comfortable walking shoes, sandals, and skirts. Bring at least one outfit to wear at the Awards Ceremony that may include a buttoned shirt, slacks, a dress and dress shoes. The RAs may plan a COSMOS Dance, so you may wish to bring clothes for this occasion as well. Please do not bring short skirts/dresses, low-cut blouses or clothes that shows bare midriffs.
10. Have fun and participate in activities with a smile! This is an academic program, but you can still (and will) have fun!

Every effort will be made to provide students with 24-hours advanced notice before their room is entered during normal working hours for cleaning, maintenance and repairs. Said notice is not required in the event of an emergency, or at the discretion of the Resident Dean. Our students agree to waive the 24-hour notice requirement to allow University and/or COSMOS staff to enter the room or suite during normal working hours in the event staff suspects a violation of the COSMOS Student Code of Conduct. Appropriate concern for the privacy of the occupants will be respected whenever possible.

Compliance with University Rules

COSMOS residents are required to abide by all University policies and rules. Each resident understands that the COSMOS Administration and the University may take appropriate action for conduct which is found to be in violation of any rules, or which is otherwise detrimental to the welfare of residents, employees, or the physical properties of the University, or which violates any federal or state law. In the event of a conflict between a University policy and this Student Code of Conduct, this document will override such policy.

Judicial Review Process & Disciplinary Action

Students participating in the COSMOS program are expected to conduct themselves in a manner appropriate for academic success on a college campus. Disciplinary action in response to violations of COSMOS Student Code of Conduct are left to the discretion of the COSMOS Staff, which reserves the right to take all actions it considers to be in the best interests of the student, the student body and the COSMOS program as a whole. Should any student's behavior violate the COSMOS Student Code of Conduct, formal disciplinary action may occur as follows with the COSMOS Director, Assistant Director,

or Residential Dean maintaining complete discretionary power to eliminate steps 1 through 3 outlined below if it is determined by the COSMOS Director, Assistant Director, or RD that the violation warrants that action:

1. Counseling and/or Verbal Warning: When minor disciplinary problems occur, students will be counseled by an RA, faculty member and/or other COSMOS staff person. In the event of a housing violation, the student may be referred to the RD or the SRA for immediate action.
2. Documentation and/or Meeting with Administration: If counseling is deemed insufficient,

the student's behavior will be documented in writing and the COSMOS Staff will be notified of the violation. The student will be scheduled for a meeting with the RD and/or the Assistant Director. After investigating the facts of the situation, the RD or the Assistant Director will determine an appropriate disciplinary sanction and determine if parental notification is warranted. Documentation of the violation will be recorded in the student's COSMOS file.

3. Parental Notification and Loss of Privileges: If the RD and/or the Assistant Director decide that a policy violation warrants loss of privileges such as an academic or weekend field trip and/or evening social activity, the student will participate in study hall. In addition, the parent(s)/guardian(s) of the student will be contacted and informed of the situation. A written report will be included in the student's COSMOS file and mailed to the student's parent(s)/guardian(s). Continued violations by any student may result in expulsion from the COSMOS program.

4. Expulsion from the COSMOS Program: If, after meeting with the student, in the opinion of the RD and the Assistant Director there has been a serious violation, or continued violations which warrant dismissal from the COSMOS program, the student and the student's parent(s)/guardian(s) will be notified and arrangements must be made by the parent(s)/guardian(s) to pick-up the student within 24 hours of notification. If for any reason the COSMOS Staff is unable to inform the student's parent(s)/guardian(s), the adult designated on the student's Emergency Contact list will be informed and that person will be responsible to pick-up the student within 24 hours of notification. Dismissal is at the absolute discretion of the COSMOS Assistant Director. A letter indicating the cause for dismissal will be sent to the student's parent(s)/guardian(s). The student's parent(s)/guardian(s) are responsible for all travel costs. NO REFUND of fees will be made to a student who has been dismissed from the COSMOS Program.

Parent Agreement

Parental support is an important aspect for the success of students participating in the COSMOS program at UCSD. COSMOS is a full-immersion program that provides students an opportunity to participate and grow in a research environment. To support this growth, and for the safety of our student body, we ask parents to agree to the following:

1. For the safety of all students, parent(s)/guardian(s) will accompany their student on Welcome Day, Sunday, July 11, 2010, sign them into the program, inspect their suite room for damage and sign the UCSD Housing agreement to cover damages caused by their student.
2. Parent(s)/Guardian(s) will meet their student on **Saturday, August 7, 2010, between 12:00pm and 1:00pm** at the ERC Residence Halls and inspect the student's room for damages, return all suite keys, and sign the student out of the program. In addition, any fees that a student has incurred (i.e. lost keys, damage, cleaning, etc.) will be assessed on this day.
3. Visitation will be limited to only the Family Visitation Weekend on Saturday, July 24 to Sunday, July 25. Parents agree to complete a Departure Form, sign their student out on **Saturday, July 24 between 9:00am – 11:00am** and back into the ERC Residential Halls **between 6:00pm – 8:00pm on Saturday, July 24 or Sunday, July 25**. *All Departures forms must be submitted in writing to the COSMOS Office no later than Monday, June 14, 2010.*
4. Parents/guardians understand and agree that students must remain on the UCSD campus during the COSMOS program with the exception of designated field trips. If a parent/guardian needs to contact their student between the academic hours of 9:00am-4:00pm (Monday – Friday), they should do so by calling the COSMOS Summer Office at 858-822-4361.
5. Parents/guardians will designate a responsible adult, authorized to act on behalf of the parent(s)/guardian(s) who **WILL BE AVAILABLE** during the entire COSMOS program as an alternate contact in case of emergency, or other circumstances, should the COSMOS Staff be unable to reach the parent(s)/guardian(s).
6. Parents will notify the COSMOS Staff of all prescription and/or over-the-counter medications their student brings to UCSD as well as any food allergies or dietary needs at least one month prior to the beginning of the program.
7. Parents will complete the consent to allow, or to opt out of allowing, the COSMOS Staff to dispense over the counter medications such as Tylenol, Dramamine, Pepto Bismol, etc. to their student.

UCSD COSMOS Program Student Code of Conduct Certification

Please carefully read, sign, and mail this Certification page with your forms and waivers (also included in the forms & waivers packet) to the address below by the June 11, 2010 deadline. Keep the remaining portion of the COSMOS Student Code of Conduct for your records and as a reference.

COSMOS at UC San Diego
Jacobs School of Engineering
9500 Gilman Drive #0429
Engineering Building Unit 1 - Room 1400
La Jolla, CA 92093-0429

By signing this certification, _____, as the parent(s)/guardian(s) of
Print parent/guardian's full name

_____, certify that we have read, understand, and agree with the
Print student's full name

terms and conditions of the COSMOS Student Code of Conduct, the Judicial Review process, all Student Handbook sections, and other publications incorporated herein by reference. Furthermore, we understand that failure to abide by all rules of conduct cited above will result in disciplinary action outlined under the Judicial Review section.

Over-the-counter Medication Permission:

I give permission for the COSMOS Administration to dispense over-the-counter medications (i.e. Tylenol, Advil, Motrin, Pepto Bismal, etc) at the request of my son/daughter: ☐ YES ☐ NO

Acknowledgement/Understanding of the COSMOS Tuition Refund Policy:

All refund requests must be submitted in writing to the COSMOS Office by U.S. mail, e-mail, or fax. Once tuition has been deposited, a \$100 processing fee will be assessed prior to processing a refund payment. Refund payments shall be issued to the party who paid the tuition payment. The UCSD COSMOS refund schedule is as follows:

- Cancellation request received more than one month before COSMOS Opening Day (before June 11):
100% of tuition (less \$100 processing fee)
- Cancellation request received one month to two weeks prior to COSMOS Opening Day (June 11 - 27):
50% of tuition (less \$100 processing fee)
- Cancellation request received less than two weeks prior to COSMOS Opening Day (June 27 or later):
NO REFUND

If only one parent/guardian is legally responsible for the student, then only one parent/guardian signature is required.

Section VI: Staff

COSMOS Director

Charles Tu – *Associate Dean of the Jacobs School of Engineering, Professor of Electrical and Computer Engineering, and Director of COSMOS at UCSD*

As an associate dean, Dr. Tu oversees Jacobs School-wide curricula accreditation and enhancement. In his research, he grows single-crystalline semiconductor thin films atomic layer by atomic layer. These semiconductor layer structures are used to fabricate faster electronic devices, like high-electron-mobility transistors, and brighter and cheaper optoelectronic devices, like light-emitting diodes. In his career he has authored or co-authored more than 350 papers in scientific journals. Among various honors, he was elected a Fellow of the American Physical Society and the Institute of Electrical and Electronic Engineering.

Charles Tu received his B.Sc. (Honors) in Physics from McGill University in Montreal, Canada in 1971 and his Ph.D. in Engineering and Applied Sciences from Yale University in New Haven, Connecticut, in 1978. He was then a lecturer in Physics at Yale for two years before joining AT&T Bell Laboratories in Murray Hill, New Jersey in 1980. In 1988 he joined the faculty of UCSD.

COSMOS Staff

Becky Hames – *COSMOS Assistant Director*

Becky received her B.S. in Nursing from Point Loma Nazarene University and completed her M.A. in College Counseling at the University of San Diego. Becky previously worked at San Diego State University where she served as an Academic Advisor in the College of Sciences and an Outreach Counselor for the SDSU Upward Bound and Educational Talent Search high school programs. She is a member of the Chi Sigma Iota, a counseling honor society and has served as a judge for the Greater San Diego Science and Engineering Fair. Becky has three daughters and enjoys traveling and cooking.

Adam Petersen – *COSMOS Program Specialist*

Adam was born, raised in, and will probably never leave San Diego. He received his B.A. in Political Science from the University of San Diego in 2004 and has since worked at both USD and UCSD. He has also begun working toward a M.A. in Political Science at San Diego State University. He became interested in technology at a young age and has spent a good deal of his life fixing computers for everyone he knows, occasionally even being paid for it.

Diane Lantz – *COSMOS Program Assistant*

Diane is a long time resident of North Coastal San Diego County. She received a B.A. with Honors in Literature from Cal State San Marcos. Her professional background includes many years as a Designer and Supervisor in the Civil Engineering field, with design projects all over San Diego County. Diane and her husband have two children and three grandchildren. She enjoys traveling, especially to New York City and Asian countries. Diane recently transferred to the COSMOS program from the Dean's office at the Jacobs School, and is looking forward to meeting and working with the students this summer.

Sarah Raifsnider – *COSMOS Student Assistant*

Sarah will be a 4th year in the fall. She is double majoring in Art History and Archaeology. She was a COSMOS RA last summer and is excited to work for COSMOS again. Sarah loves San Diego and enjoys being outside.

COSMOS Residential Staff

Pat Danylyshyn-Adams – *Muir & COSMOS Program Residential Dean*

Pat's last name only looks scary! The "Danylyshyn" rhymes with "demolition," but it usually gets shortened to Pat D-A. Pat is originally from New York, and majored in biology at Gettysburg College in PA... but she roots for the USC Trojans, where she completed her graduate degree in College Student Development. Pat has served for 30 years as the Resident Dean of John Muir College at UCSD, and lives on-campus in the Muir Residence Halls. (Her two daughters can tell you lots of stories about growing up on a college campus!) She enjoys watching and participating in all kinds of sports (especially bowling), and she collects Hard Rock shot-glasses and magnets.

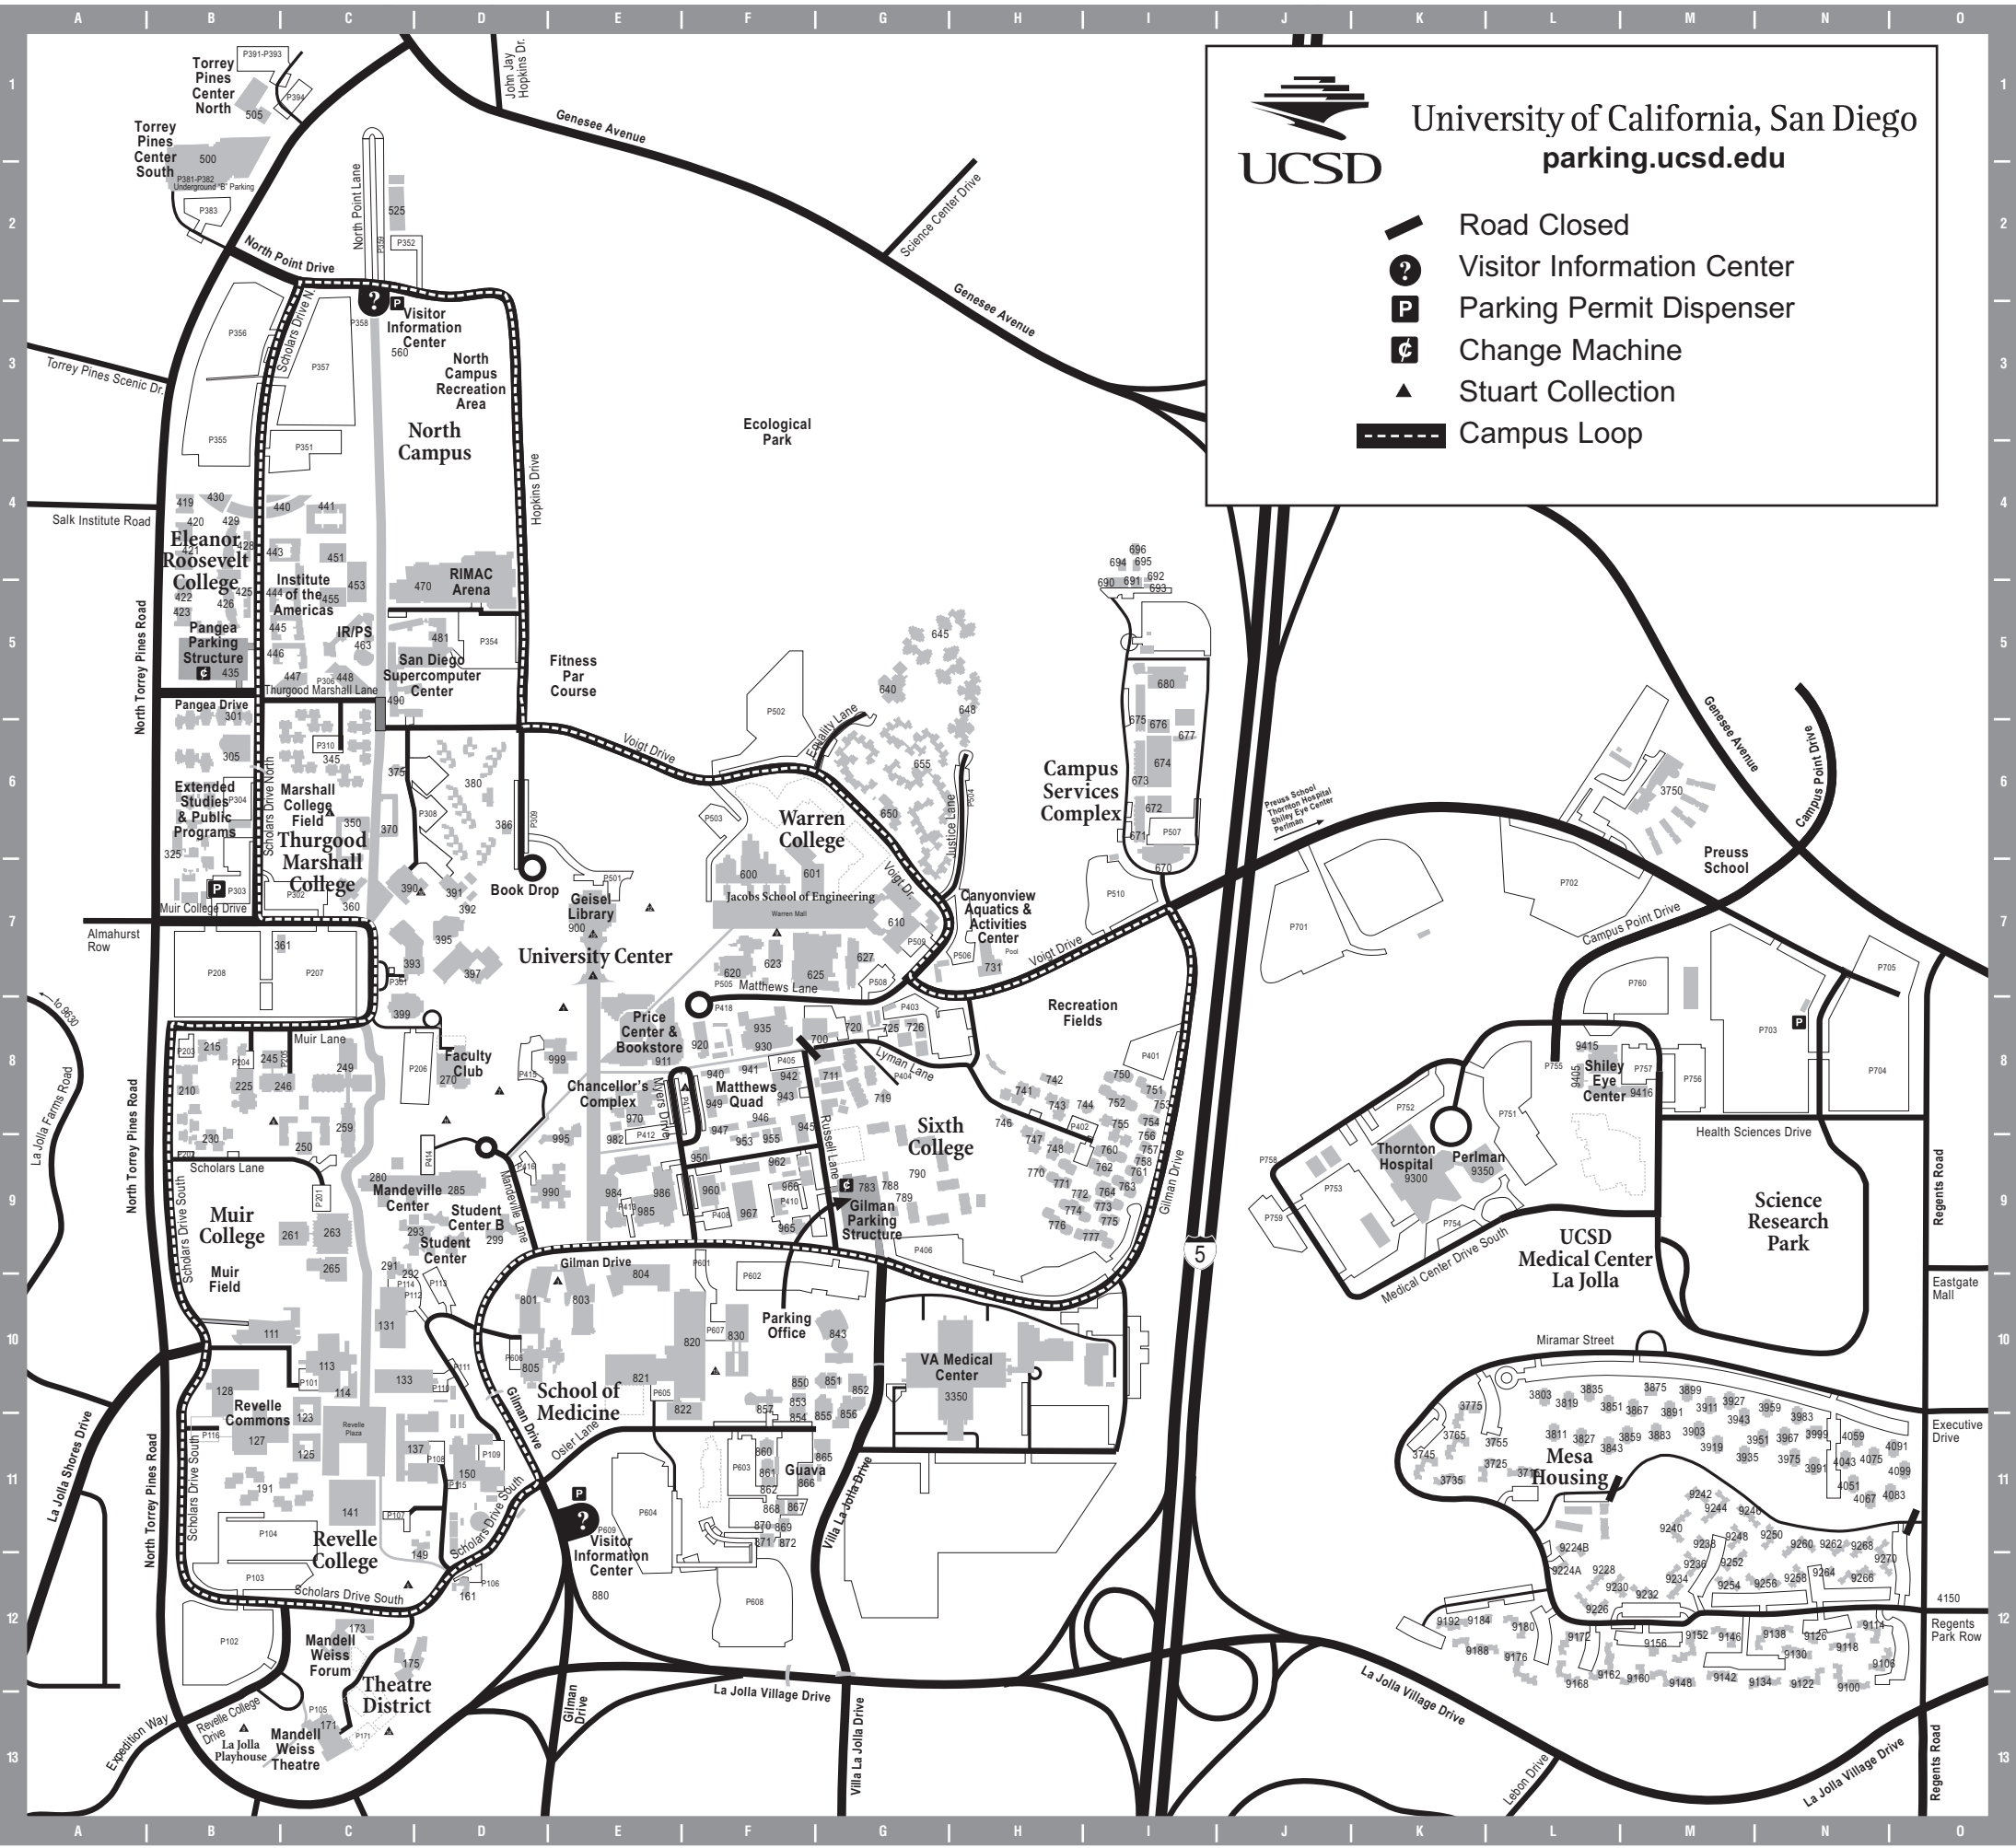

Brandon Pleman – *COSMOS Senior Resident Advisor*

Brandon is currently a third year at UCSD majoring in Cognitive Science with plans to attend Medical School (Psychiatry, hopefully). He enjoys a variety of activities, from running and playing ultimate frisbee, to watching movies, playing video games or just hanging out with his friends. He was an RA for COSMOS last Summer and can't say how excited he is for this year's program! He looks forward to meeting everyone and making your COSMOS experience a blast!

Questions?

Please feel free to contact the COSMOS Office with any questions or concerns by e-mailing us at cosmos@ucsd.edu or by calling (858) 822-4361.

Note that during the program, the COSMOS Office will be open from:
8:00am - 7:30pm Monday through Thursday and 8:00am - 4:30pm on Friday.
